## SOLID Exit - LED Emergency Exit Light

### SYSTEM DESCRIPTION:

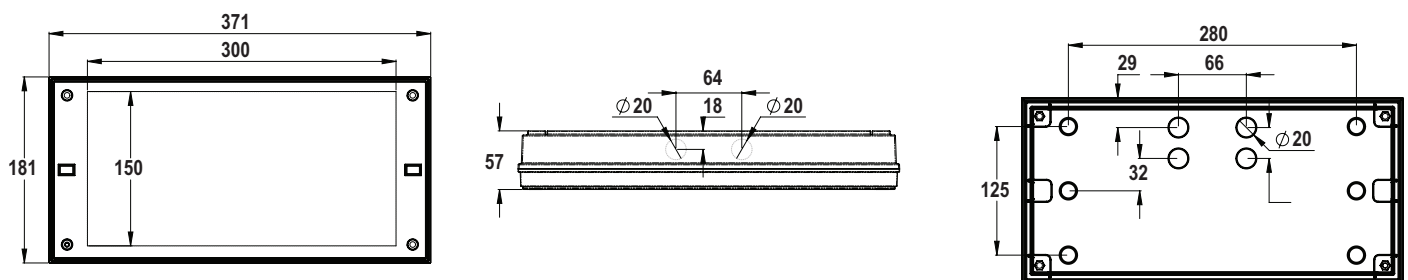

SOLID is the new IP65 rated exit emergency light. The luminaire is completely dust proof and water proof and is ideally suited for industrial premises and parking halls.

SOLID uses long lasting leds as its light source and is designed for demanding conditions. SOLID is wall mounted, one sided and comes with easily changeable pictograms. The range also has a model with a downlight function, which is suitable for mounting above a door.

### KEY FEATURES

- Rated to IP65 - suitable for industrial premises and parking lots
- Complies to CE and EN60598-2-22 Standards
- Luminaire suitable for through wiring
- Easy and quick installation
- Uses long lasting LEDs as light source
